

Gram Scales

Model **SRV300/310/320/325**

When your weighing needs require gram accuracy, the SRV300 Series is the right tool for the job. Available in four different weight ranges, the SRV300 Series can handle a variety of weighing for small animals and nutritional portion measurements.

Constructed of high-impact plastic, the SRV300 Series is as durable as it is functional.

The SRV300 Series is available up to 5000 gram weight capacity with 1 gram resolution (model SR320) and 500 gram weight capacity with a 0.1 gram resolution (model SR325).

Dietary portion scale

SRV300

2000 grams x 1 gram resolution.
